

SERVICE 01

AI Readiness Assessment

Two weeks. Six dimensions. A scored assessment, prioritized roadmap, and a direct recommendation: proceed, pause, or fix these three things first.

\$10K

DIMENSIONS ASSESSED

THE SIX DIMENSIONS

What determines AI success

- 01 Data Quality**
Accuracy, completeness, and accessibility
- 02 Data Governance**
Policies, ownership, and compliance frameworks
- 03 Process Maturity**
Workflow documentation and system integration
- 04 Technology Foundation**
Microsoft stack readiness and cloud scalability
- 05 Organizational Readiness**
Executive sponsorship and change management
- 06 Strategic Clarity**
ROI expectations and business alignment

WHAT YOU RECEIVE

Actionable outputs, not another slide deck

- 01 Readiness Scorecard**
Scored across all 6 dimensions with benchmarks
- 02 Prioritized Roadmap**
12-month plan with effort/impact mapping
- 03 Business Case Package**
ROI projections for your top 3-5 use cases
- 04 Go/No-Go Recommendation**
Proceed, pause, or fix these first

Why Ryshe

Radical Honesty

If AI isn't the right move, we tell you. The \$10K applies to your first project if we move forward.

Engineers, Not Salespeople

Your assessment is conducted by the architects who would build the solution.

Microsoft-Native Expertise

Deep bench in Azure, Fabric, M365, and the full Microsoft AI stack.

125 Years of Engineering Heritage

Backed by Wiley|Wilson's reputation for rigorous, outcome-driven delivery.

Assessment findings map directly to our Data Foundations, Document Intelligence, and Automation engagements.

The Ryshe Guarantee

If we recommend against AI, we tell you why and you walk away with a clear data roadmap. No wasted spend.
